

Many-Rooms

Many-Rooms consists of 10 stories—built out of fact-based research—positioned at the junction of design, writing and story telling.

Many-Rooms consists of 10 stories—built out of fact-based research—positioned at the junction of design, writing and story telling.

Project Information (EN)

The ten stories that give form to the Many-Rooms project seek to address a multiplicity of states of isolation, in seeking empathetic responses to the current pandemic. Each story follows prescribed guidance that moulded their construction. This constr
