

Queuator

Who makes waiting a pleasant experience.

Project Information (EN)

Imke Sloos investigates how we could redesign our waiting time. Her project starts with positioning a queuator: a person to manage the queue. This “Queuator” makes sure everyone maintains at a safe distance, whilst also making the waiting time more fu

Projectinformatie (NL)

Imke Sloos investigates how we could redesign our waiting time. Her project starts with positioning a queuator: a person to manage the queue. This “Queuator” makes sure everyone maintains at a safe distance, whilst also making the waiting time more fu
