

# Soft Space

Soft Space is an overview exhibition of the latest works of studio A+N

*Soft space in een overzichtstentoonstelling van het laatste werk van studio A+N*

**Hosted by:** Alissa+Nienke (A+N)

## Project Information (EN)

### Soft Space

During the last months we took the time to contemplate, research and set new horizons for our studio. Our aim is to design and create signature walls and innovative surfaces, enriching environments and enhancing the well being of people. By applying technologies in a soft and tactile way, we add value to the environments we spend most of our time in, adding softness to our ever digitalizing world. You are very welcome in our Soft Space, a place for de-stressing, interaction with your environment and for exploring the world around us. Our materials make you wonder and relax, showing the natural flow of wind, reflecting colours, or literally helping you breath.

### Bio Mirror

We will present the results of our research project about stress-reducing surfaces, in close collaboration with a behavioral scientist Renske Bongers, TU Delft and TU/e. (Thanks to a contribution of 'Impulsgelden' from the Province of Noord-Brabant and by advice from Kunstloc Brabant)

### Fringes & Floats

Our innovative textile wallcovering collection, in close collaboration with EE Exclusives (Thanks to a contribution from the MRE Stimuleringsfonds of Metropool Regio Eindhoven)

## Projectinformatie (NL)

### Soft space

-

### Bio Mirror

We presenteren o.a. de resultaten van ons research project over stress reducerende wanden, in samenwerking met gedragswetenschapper Renske Bongers, TU Delft and TU/e. (Mede mogelijk gemaakt 'Impulsgelden' van de provincie Noord-Brabant en door advies van Kunstloc Brabant)

### Fringes & Floats

Onze collectie innovatieve textielen wandbekleding in samenwerking met EE Exclusives (Met dank aan een contributie van MRE Stimuleringsfonds van Metropool Regio Eindhoven)
