Bags of Waste settee by Thed Konings for CooLoo

“I wanted to design a series of models that go beyond sustainable design, models that are authentically different and truly circular." Thed Konings
“Ik wilde een serie modellen ontwerpen die verder gaan dan sustainable design, modellen die authentiek anders en echt circulair zijn." The Konings

Project Information (EN)

The base plate on which the mini-garbage bags stand is made of circular plate material from Ecor and the “waste bags” are made of used sandwich bags collected at the schoolyard, filled with waste from the upholstery industry. The settee is finished with c

Projectinformatie (NL)

De basisplaat waar de mini-vuilniszakjes op staan is gemaakt van circulaire plaatmateriaal van Ecor en de “waste bags” zijn gemaakt van op het schoolplein verzamelde gebruikte boterhamzakjes, gevuld met afval uit de stoffeer-industrie de settee is afgewer
