Project Information (EN)

This web service is for lingerie wearers who want to get something more long-lasting and sustainable to wear on top of a great fit available from the comfort of their own home. On the website users can select any garment available in the database and

Projectinformatie (NL)

Dit online platform is voor lingerie enthousiasts die heerlijk zittende en duurzame lingerie willen zonder daarvoor het huis uit te hoeven. PARAPRINT moedigt regeneratieve consumptie aan door suggesties om kleding te ‘delen’ in plaats van ‘consumeren’
