Space For Civic Assets

Reimagining the city and its spaces as an inclusive sharing society
Reimagining the city and its spaces as an inclusive sharing society

Project Information (EN)

Space for Civic Assets comprises research, experiment, intervention and investigation about TAC now and in the future. Together with community partners (residents, audience members, neighbors, citizens), we reimagine a citizen-led regeneration: we rethink

Projectinformatie (NL)

Space for Civic Assets comprises research, experiment, intervention and investigation about TAC now and in the future. Together with community partners (residents, audience members, neighbors, citizens), we reimagine a citizen-led regeneration: we rethink
