Project Information (EN)

Spectrum Accessories Collection

During the Dutch Design Week we will give a preview of the new Spectrum Accessories Collection. This collection, curated by Studio RENS, reveals and reimagines iconic accessories from the early 1960s. These classics by leading Dutch artists such as Constant Nieuwenhuys, Benno Premela and Friso Kramer are combined with new items by contemporary designers. Studio RENS' outspoken ideas on the use of colour and material show a different perspective on this new Spectrum collection.
