

A Cabinet of Story

Project Information (EN)

Concept

From a young age I was fascinated by decorative antique furniture that has been in the family for generations. Because they have been in the family for so long, stories and memories are created around these objects. That makes them personal. With this cabinet I include peoples stories in the design by creating custom illustrations. By doing so I make unique objects that can be passed on for generations.

Concept

Van jongs af aan ben ik gefascineerd door sierlijke antieke meubels die zich al generaties lang in de familie bevinden. Doordat ze al zo lang mee gaan bevatten ze verhalen of herinneringen die deze objecten persoonlijk maken. Met deze kast neem ik mensen hun verhaal al mee in het ontwerp door middel van gepersonaliseerde illustraties. Hierdoor creëer ik unieke objecten die generaties lang kunnen worden doorgegeven.
