Vessels _ Debris bodies

Vessels _ Debris bodies

Hosted by: Anna Riabova (Ukraine, temporary based in The Netherlands)

Project Information (EN)

Concept: Anna Riabova Material: Pieces of bricks and stone, bits of glass, clay, sand, concrete, dust Production: Anna Riabova Destroyed houses, shelled buildings, residential areas and entire cities are left in ruins under malicious fire. As a symbolic gesture and gratitude for the memory of those houses, Anna Riabova brings back devastated materials into forms bearing burnt wounds on the debris bodies

Projectinformatie (NL)

Concept: Anna Riabova Materiaal: stukken baksteen en steen, stukjes glas, klei, zand, beton, stof Productie: Anna Riabova Verwoeste huizen, beschoten gebouwen, woonwijken en hele steden liggen in puin onder kwaadwillig vuur. Als symbolisch gebaar en dankbaarheid voor de herinnering aan die huizen, brengt Anna Riabova verwoeste materialen terug in vormen met brandwonden op de puinlichamen.
