

# Workshop Depicting Dark Waters

Learn about the Deep Sea Coral Ecosystem with glass artist Alice Baker and Dr. Rhian Waller while handling real skeletons and glass samples.

*Engels event about the Deep Sea Coral Ecosystem with glass artist Alice Baker and Dr. Rhian Waller while handling real skeletons and glass samples*

**Hosted by:** Kazerne Foundation

## Project Information (EN)

### Making the unseen wonders of the deep sea tangible and unforgettable

Journey to the bottom of the ocean with this hands-on workshop and learn more about the beautiful unseen corals that thrive in the depths of Europe's waters.

Let glass artist Alice Baker and marine biologist Dr Rhian Waller take you through their art-science collaborative process, and introduce you to some of the oldest and most mysterious animals alive.

Together, you'll explore real coral skeletons and delicate glass pieces, learning about the threats these life forms face and the efforts to protect and restore them.

Join us at Kazerne and experience their artwork 'Depicting Dark Waters' like never before, immersing yourself in the otherworldly yet local landscape of the deep sea coral ecosystem.
