

Psychological Safety workshop

Discover the key to high performing teams
Ontdek de sleutel tot high performing teams

Hosted by: Magda van Dijk

Project Information (EN)

Live white-boarding session

What makes some teams great and some teams struggle? Some team collaborations are smooth, effective and high-performing. Contrastingly, some teams are energy draining, slow and ineffective. What is the cause of this, and how might we improve teams to become high-performing? These are questions that will be tackled in the workshop. The workshop is a live white-boarding session at the Cognizant office. Only a whiteboard and markers are used. No preparation is needed.

Theory and hands-on experience

Senior Service & Interaction Designer Magda van Dijk is the designer and facilitator of the Psychological Safety workshop. She has consulting and design experience in multiple large, international organizations. Next to her hands-on experience, she has built this workshop based on extensive relevant theory and resources including the acclaimed book *The Culture Map* by Erin Meyer and a Google study named Aristotle.

Workshop dates and times

Wednesday October 25th, 13:30-15:30 FULL Friday October 27th, 11:00-13:00 FULL Friday October 27th, 14:00-16:00 FULL All sessions are fully booked, it is no longer possible to sign up.

Projectinformatie (NL)

Live whiteboard sessie

Wat maakt het verschil tussen top teams en onderpresterende teams? In sommige teams is de samenwerking soepel, effectief en is de performance hoog. In andere teams daarentegen kan het slopend, traag en inefficiënt zijn. Waar komt dit door en hoe zou je teams kunnen verbeteren? Deze vragen worden in de workshop beantwoord. De enige middelen die worden gebruikt in de workshop zijn een whiteboard en markers. Er is geen voorbereiding nodig.

Theorie en praktijkervaring

Senior Service & Interaction Designer Magda van Dijk is de designer en facilitator van de Psychologische Veiligheid workshop. Ze heeft ervaring in consulting en design bij meerdere grote, internationale organisaties. Naast haar praktijkervaring heeft ze kennis opgedaan door middel van het bestuderen van het bekende boek *The Culture Map* door Erin Meyer en de Google studie genaamd Aristotle.
