

New Familiar Vessels

Curiosity Sets Things In Motion

Nieuwsgierigheid zet dingen in beweging

Hosted by: Elizabeth Lewis

Project Information (EN)

About

The Hydra On The Lawn and Pool Party Vessels use imagery from my childhood, reimagined in the context of contemporary ceramics and combined with ancient mythology. Their matte, textured and rocky forms are reminiscent of fossils, brightened with stylised colour choices. Created with the exhibition location of Eindhoven Station in mind and its activation through curious objects, I aim to spark a feeling of discovery or rediscovery in their forms.

Projectinformatie (NL)

Over

De Hydra On The Lawn en Pool Party Vessels gebruiken beelden uit mijn kindertijd, opnieuw vormgegeven in de context van hedendaagse keramiek en gecombineerd met eeuwenoude mythologie. Hun matte, gestructureerde en rotsachtige vormen doen denken aan fossielen, opgefleurd met gestileerde kleurkeuzes. Gemaakt met de tentoonstellingslocatie van Station Eindhoven in gedachten en de activering ervan door middel van nieuwsgierige objecten, wil ik een gevoel van ontdekking of herontdekking in hun vormen opwekken.
