

Tissage

A story of weaving in form, material, and recycling.
Een verhaal over weven in vorm, materiaal en recycling.

Hosted by: Jérémy Bergeaud

Project Information (EN)

Scotch Painting

Artwork created from adhesive tape

Collection of objects made from recycled plastic in various forms

Fabric, cushions, rugs, and panels—many types of upcycling are possible with our plastic waste.

Design a pattern for fabric made from tape

Artistic research artworks based on tape are presented across various mediums.

Projectinformatie (NL)

Scotch schilderij

Kunstwerk gemaakt van plakband
