

World Design Embassies

Project Information (EN)

World Design Embassies

World Design Embassies is a year-round programme that we shape together with partners and stakeholders. The programme culminates during Dutch Design Week (19 October – 27 October 2024). This is where the Embassy will take physical form and where vision, knowledge and insights will be shared. We do this in two ways: in the form of exhibitions and a programme of lectures, discussions, debates and workshops.
