

Insectology: Food for Buzz

Project Information (EN)

To Atelier Boelhouver the relationship between flowers and insects is one of the most fascinating connections found in nature. Flowers evolved to serve insects and insects evolved to serve flowers simultaneously. Nowadays, however, with all of us livin

Projectinformatie (NL)

Voor Atelier Boelhouver is de fijnzinnige relatie tussen bloemen en insecten één van de meest fascinerende connecties in de natuur. Bloemen ontwikkelden zich om insecten te dienen en tegelijkertijd ontwikkelden insecten zich om bloemen te
