Project Information (EN)

'Beam light' is a light sculpture filling the gap between floor and ceiling. The massive and hollow pilar mix their colors as they overlap, while the light accentuates it's translucency.

Projectinformatie (NL)

'Beam light' is een lichtsculptuur, geklemd tussen de grond en het plafond. De massieve en holle buis vermengen hun kleuren door de overlapping die ontstaat, wat benadrukt wordt het licht.
