

# Evolution of the Omnivore

A food design experience by THE EATELIER & PIPPENS

*Een food design experience door THE EATELIER & PIPPENS*

**Hosted by:** The Eatelier

## Project Information (EN)

What effect will the rising temperatures have on the production of common foods? What would happen if we put the invasive species on the menu? Are the tomatoes we can find in the supermarket advanced pieces of technology or still products of natural pr

## Projectinformatie (NL)

Welk effect hebben de stijgende temperaturen op de productie van chocolade? Wat zou er gebeuren als we de invasieve soorten op het menu zetten? Is de tomaat die we in de supermarkt vinden een geavanceerd stukje technologie of is het nog steeds een stuk
