

Graduation Show 2025

Hosted by: Design Academy Eindhoven

Project Information (EN)

Microstad, 18 - 26 October

Join our next generation of designers at Design Academy Eindhoven’s Graduation Show 2025 as they take bold steps out into a world that is rapidly transforming beneath their feet. Between 18th - 26th October, during Dutch Design Week, visitors will experience more than 200 Bachelor and Master graduate projects that address a wide range of social, environmental, and technological concerns, creating insights, caution, curiosity, and enthusiasm about the future they see ahead of them.

For this generation of graduates, the world of 2025 will feel radically different to the world in which they began their studies. Environmental changes have become increasingly tangible, geopolitical tensions now touch all of our communities, and the evolution of ‘intelligent’ digital technologies has changed our relationship to knowledge and creativity. But rather than lose hope in the face of this adversity and acceleration, our graduates prevail through rethinking their engagement with the world, introducing new meaning and possibility through creation and collaboration, inspiring alternative pathways to open before us, and deeper connections to form between us.

Projectinformatie (NL)

Microstad, 18-26 oktober

Design Academy Eindhoven kondigt met plezier de Graduation Show 2025 aan. Deze vindt plaats tijdens Dutch Design Week, van 18 - 26 oktober. Negen dagen lang kunnen bezoekers - naast een digitaal en fysiek programma - 2500 Bachelor- en Masterafstudeerprojecten bekijken en beleven. Dit jaar vindt de show plaats bij Microstad, in de buurt van Centraal Station Eindhoven, waar een zeer afwisselende omgeving spannende mogelijkheden biedt voor projectpresentaties met een actieve betrokkenheid van het publiek.
