Project Information (EN)

Class of 25 + the Avenue Of Fresh Perspectives.

This annual group exhibition showcases the most impressive graduation projects from various Dutch and international academies at Dutch Design Week. This annual exhibition emphasizes the importance of education and puts the next generation of designers in the spotlight among the general public, aiming to allow the story of each individual academy to reflect on the current theme of Dutch Design Week: Past, Present, Possible.

In addition, each academy showcases one specific project at the front of it's presentation. Together, these projects form the Avenue of Fresh Perspectives. These are the projects that capture the current zeitgeist and, together, provide an overview of where the next generation of designers will make a difference.

Projectinformatie (NL)

Class of 25 + the Avenue Of Fresh Perspectives.

De jaarlijkse groepstentoonstelling waarin verschillende Nederlandse en Internationale academies op DDW hun meest indrukwekkende afstudeerprojecten presenteren. Deze jaarlijkse tentoonstelling benadrukt het belang van educatie en zet de volgende generatie ontwerpers in de spotlight te midden van het grote publiek, met als doel om het verhaal van elke individuele academie te laten reflecteren op het actuele thema van de Dutch Design Week: Past, Present, Possible.

Daarnaast toont elke academie één specifiek project aan de voorzijde van hun presentatie. Samen vormen deze projecten de Avenue Of Fresh Perspectives. Dit zijn de projecten die de huidige tijdgeest vangen en samen een

overzicht geven van waar de volgende generatie ontwerpers een verschil in gaat maken.
