

The Growing Pavilion

Hosted by: Stichting Nieuwe Helden & Dutch Design Foundation

Project Information (EN)

How can we reduce the output of CO2? What do we do with waste products from agriculture? How do we deal with subsidence and rising sea levels? What is the aesthetic value of biobased materials? These are just a few of the many questions that the unique

Projectinformatie (NL)

Hoe verminderen we de uitstoot van CO2? Wat doen we met restproducten uit de landbouw? Hoe gaan we om met bodemdaling én zeespiegelstijging? Wat is de esthetische waarde van biobased materialen? Het zijn slechts enkele van de vele vragen die het uniek
