

Genesis

Genesis: Real-time visual art created by AI to suit your moods and feelings.

Hosted by: Zheyuan Zhang

Project Information (EN)

The system is inspired by cognitive psychology and neuroscience theories on how people are affected by visual stimuli, based on which a deep learning algorithm is trained to capture and understand the visual mechanism of human. It predicts one's

Projectinformatie (NL)

Genesis is een kunstmatig intelligentie die getraind is om beelden te genereren die specifieke emoties opwekken. Hierbij wordt gebruik gemaakt van cognitieve psychologie en neurowetenschappelijke theorieën over hoe mensen worden beïnvloed door visuele sti
