

Cosmic coral

Coffee table with a coral-shaped base made of recycled plastic granulate.
Salontafel met koraalvormig onderstel van gerecyclede kunststof granulaat.

Hosted by: Yaroslava Galayko

Project Information (EN)

Hundreds of million tons of plastics are made annually. Most of the produced plastic items are not recycled and reused. More than eight million tons of them get into the oceans and hurt the ecosystem. We can reduce the negative impact if we to look for

Projectinformatie (NL)

Jaarlijks worden honderden miljoen ton plastic gemaakt. De meeste geproduceerde plastic artikelen worden niet gerecycled en hergebruikt. Meer dan acht miljoen ton daarvan belandt in de oceanen en beschadigt het ecosysteem. We kunnen de negatieve impact v
