

Dots

An inclusive interface for future spatial computing.

Hosted by: Dots

Project Information (EN)

Access to digital information is an important right in our society, as it defines if one can integrate into society and get away from “digital exclusion”. However, the future form of digital interaction is becoming increasingly exclusive. As the world

Projectinformatie (NL)

Toegang tot digitale informatie is een belangrijk recht in onze samenleving, aangezien het bepaalt of iemand kan integreren in de samenleving en kan ontsnappen aan "digitale uitsluiting". De toekomstige vorm van digitale interactie wordt echter
