

Eccla

A modular system of furniture for churches

Een modulair systeem van meubels voor kerken

Hosted by: Ravi Woods

Project Information (EN)

Currently, most churches have pews; heavy, immobile benches that discourage flexible use of the church space. However, church numbers are beginning to decline, with membership in the Church of England having declined by 8 percent since 2012. In respons

Projectinformatie (NL)

Momenteel hebben veel Engelse kerken kerkbanken; zware banken die flexibel gebruik van de ruimte in de kerk ontmoedigen. Het aantal kerken neemt echter af en daarom moeten kerken flexibeler met hun ruimte omgaan. Meubilair speelt hierbij een centrale
