

Body Wonders

Exploring the potential of haptic feedback in smart clothing

Haptische feedback in smart clothing

Hosted by: Holst Centre and Baltan Studio

Project Information (EN)

We are overwhelmed by information, our screen time in this pandemic time increased a lot as well as all the mediated communication with our colleagues, family and friends, due to social distancing. A communication that is mainly visual, a sense that nowad

Projectinformatie (NL)

We worden overspoeld door informatie. De tijd die we achter een scherm besteden is tijdens de pandemie toegenomen, onder andere vanwege de digitale communicatie met collega's, familie en vrienden. Er is een overstimulatie van onze visuele communicatie ve
