

The New Pattern

Hosted by: C-Hub / Sybil-ho studio

Project Information (EN)

The New Pattern is a new way to make home decoration sheets. The main materials are designed pattern stencils and LOTOS plaster (a kind of waterproof coating material made from recycling sludge). The original intention to develop The New Pattern is to

Projectinformatie (NL)

De originele intentie voor de ontwikkeling van The New Pattern is om een betere manier te vinden voor de decoratie van muren in Taiwan en Aziatische landen. Het klimaat in Taiwan en omliggende Aziatische landen is te vochtig om de vlakheid van tradition
