

MAYYA x WORTH

MAYYA x WORTH explores how a sharing economy could tackle the problem of under-utilisation in fashion.

MAYYA x WORTH onderzoekt hoe een deeleconomie het probleem van onderbenutting in de mode kan aanpakken.

Hosted by: MAYYA x WORTH

Project Information (EN)

In laboratory, they assessed the life-expectancy and the performance of two innovative circular textiles by simulating a rental environment, using various scenarios, and through repetitive mechanical ISO tests. In parallel, with the help of Lena Fashion L

Projectinformatie (NL)

In het laboratorium beoordeelden ze de levensverwachting en de prestaties van twee innovatieve circulaire textielproducten door een verhuuromgeving te simuleren, verschillende scenario's te gebruiken en door middel van repetitieve mechanische ISO-tests. T
