

# Voertaal Studio x Tafelwerk - POP UP DINERS

a collab between culinary studio Voertaal and Atelier Fig

## Project Information (EN)

**Saturday 18th October & Saturday 25th October start: 18:30 entry with diner ticket**

These two nights were opening the doors to something special. In the middle of our group exhibition Tafelwerk, we're hosting two exclusive dinners that bring together design, art, and a three course menu by Voertaal Studio. It's not a restaurant. It's not just an exhibition. It's somewhere in between.

For €69 per person (excluding drinks), you'll experience:

A welcoming amuse-bouche presentation and a three-course seasonal dinner by Voertaal Studio

A spot at the table within the Tafelwerk exhibition, surrounded by work from artists and designers.

An evening full of flavour, imagination, and good company

No Dutch Design Week ticket needed, just reserve your seat with a diner ticket via the link below, come with an appetite, and bring your curiosity!
