

Smart Allocation System - Schiphol Security

Hosted by: Smart Allocation System - Schiphol Security

Project Information (EN)

The Smart Allocation System efficiently guides travelers at Schiphol Airport to their check-in counter, while maintaining a safe distance between people.

Projectinformatie (NL)

Het Smart Allocation System leidt reizigers op luchthaven Schiphol efficiënt naar zijn incheckbalie, terwijl de veilige afstand tussen de personen wordt gehandhaafd.
