

Valorun

Project Information (EN)

By dismembering and deconstructing various sneakers, this project confronts the consumer with the complex anatomy and emotional value of products. The goal of Valorun is to emphasize that we should reconsider how we make and value products from a long-ter

Projectinformatie (NL)

Door het ontleden en deconstrueren van verschillende sneakers confronteert dit project de consument met de complexe anatomie en emotionele waarde van producten. De doelstelling van Valorun is om ons te laten heroverwegen hoe producten gemaakt en gewaardee
