

GRAVITATE

Project Information (EN)

Gravity is present in our reality at all times. It shapes everything we know, every interaction we have within the universe. Space and time are dynamic parameters that can be stretched and deformed by the actions of gravity - from small scale disruptions

Projectinformatie (NL)

Gravity is present in our reality at all times. It shapes everything we know, every interaction we have within the universe. Space and time are dynamic parameters that can be stretched and deformed by the actions of gravity - from small scale disruptions
